Services / discounts proposed for MDBC Membership Card:

1. 50% discount on a "Logistics Second Opinion".

The use of a second opinion is not limited to the medical world only, but also practiced in complex management and operations decisions. Certain decisions like the introduction of a new production line, factory, retail outlet or distribution centre have major implications on the customer service and supply chain costs.

A second opinion is geared towards making a better decision possible for a well – defined logistics problem. LBB provides an expert view (LBB research report) on the matter through a systematic logistics analysis:

1. Identification of the issue (situation, complications, core question)
2. Logistics System Analysis according to LOM
3. Recommendations

Company specified 'terms and conditions':

1. Membership card details have to be given at the time of enquiry and / or prior to rendering of services required.
2. The Second Opinion is only applicable for a logistics problem in Malaysia
3. Information according to information request is gathered by the company itself
4. Discount only applies to professional fees and not expenses incurred
5. A company is entitled for only one Second Opinion against 50% discount during the promotion period as stipulated below
6. Promotion valid until 31 December 2010
