About MISA

After 5 successful annual MDBC Sustainability Awards (MSA) events, MDBC marked the next stage of the awards program evolution by expanding to include innovation, resulting in the new MDBC Innovation & Sustainability Awards (MISA) 2017.

Realizing the integral part that innovation plays in sustainability, MDBC knew that it also needed to be innovative in order to keep our flagship event sustainable. MISA will reach out to a larger segment of businesses.

Successful and sustainable innovation is about persisting when the going gets tough, and rethinking your business in the face of disruption. MDBC, together with the Embassy of the Kingdom of the Netherlands, aims to stimulate and create awareness for Innovation & Sustainability within every industry. In order for an organization to be sustainable, it must innovate. Further, intentionally or not, innovation often results in sustainability gains, therefore resulting in our new focus being Innovation & Sustainability.

The MISA categories give a wide range of companies the opportunity to participate. All categories are open to all companies (MDBC members and non – members) who have an innovative project / service, or start – up to participate with.

All participants will have their submissions reviewed by an expert, independent panel of Judges led by the Chief Judge, H.E. Karin Mössenlechner (Ambassador, Embassy of the Kingdom of the Netherlands). The Judges will evaluate the projects for consideration with a specific criteria (additional information on the Assessment Criteria (<http://www.mdbc.com.my/misa/misa-assessment-criteria/>) and Guidelines (<http://www.mdbc.com.my/misa/misa-guidelines/>) are available online) and shortlisted participants will be announced in early October. Shortlisted nominees are required to conduct a presentation on their submission to the Judges during the MISA Day Program which will take place late October, early November. This event is open for attendance by other MDBC members and external guests. The presentations serve as a sharing of best practices, in line with the objective of these awards and event; it also allows the Judges to make their final decision which are announced that evening during the MISA Awards Ceremony & Dinner.
