

# MySejahtera

28 April 2020

Dewan Perdana, MITI

# Objectives of MySejahtera

To help the government to break the chain of COVID-19 transmission which would eventually contain the outbreak.

To help individuals know the status of COVID-19 hotspots at housing areas and work place.

To assist individuals to assess their health status throughout this outbreak.

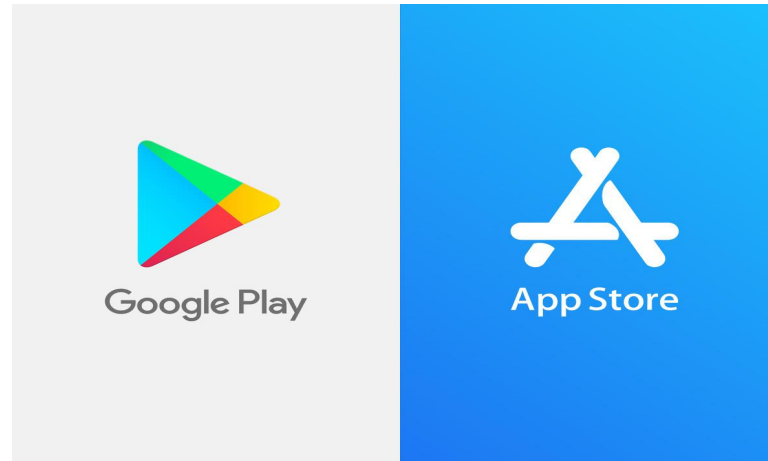

To assist individuals to recognize the risk towards COVID-19 infection and the subsequent actions that needs to be taken.

To assist individuals to obtain latest and authentic information on COVID-19 in Malaysia.

To assist individuals to identify hospitals or clinics for screening and treatment for COVID-19.

Need Help?

How would this help the industries?

- **Health Assessment:** It will help workers to know their status and prevent the spread of disease. It is easier to do online and if they fall into the risk category they will be provided with guidance for further care.
