

**19 July 2021**

## **Media Statement**

### **SELVAX INDUSTRY PROGRAMME FOR GREATER KLANG VALLEY VACCINATION PLAN, "OPERATION SURGE CAPACITY"**

The Selangor Vaccine Program (SelVAX) Industry has entered the next phase with delivery of 250,000 doses Covid-19 vaccine in line with the Greater Klang Valley Vaccination Plan "Operation Surge Capacity" which was announced by YAB Dato 'Seri Amirudin Shari, Menteri Besar Selangor and YB Khairy Jamaluddin, Coordinating Minister of Covid-19 Vaccine Access Committee (JKJAV).

The supply of this vaccine stock is expected to be received in stages between 23 July 2021 and 30 July 2021. The current vaccine stock for first and second dose of the initial phase amounts to approximately 40,000 doses. The implementation of the SelVAX Industry Programme will be accelerated and implemented more consistently if the subsequent delivery of vaccine stock is according to schedule.

We encourage companies/industries in Selangor and Klang Valley to register their interests and subsequently vaccinate their employees to achieve the aspirations of the Greater Klang Valley Vaccination Plan.

For your information, SelVAX Industry provides five (5) permanent Vaccination Centers (PPV) at suitable locations where vaccination can be carried out quickly and in a comfortable environment, namely at Tropicana Gardens Mall, Kota Damansara; Evo Mall, Bandar Baru Bangi; Hotel De Palma, Shah Alam; Aurora Place, Bukit Jalil; Kompleks Sukan PKNS, Kelana Jaya and SELCARE Panel Clinics.
