MDBC also publishes a Business Directory every 18 months.

## REPRESENTATION

MDBC serves as a link to other bilateral Business Associations and Chambers of Commerce. We participate in a dialogue amongst European Union member states in Malaysia and in EU – related programs. We also have established rela-

tions with various government institutions. The common business interests of our members (as well as individual needs of companies) are voiced through MDBC to the appropriate authorities in Malaysia. The Council also looks into combined efforts for representation at exhibitions and into commercial partnerships with Malaysian and Dutch government authorities on behalf of our members.

## NETWORKING

Through our regular (monthly) events (online and in person), members are able to develop good business contacts with the Dutch - Malaysian business community in Malaysia, as well as with

other foreign companies, Malaysian counterparts, and government bodies. On an annual basis, MDBC members receive several dozen event invitations, including signature events such as the MDBC Innovation & Sustainability Awards and the Human Resources Forum. Social networking events are organised together with other Business Associations and Chambers of Commerce to further extend networking opportunities. Together with the Netherlands Embassy and industry associations, MDBC participates in trade exhibitions, missions, and matchmaking sessions. At exhibitions, we invite our members to present their products & services within a larger 'Holland Pavilion'.

## AWARDS AND RECOGNITION

### MDBC Student Internship Program (SIP)

SIP was created by MDBC as another way to increase the ties between The Netherlands and Malaysia, by bringing enthusiastic Dutch students to Malaysia for internships with MDBC member companies.

Founded in 2004, starting with just three students, the program has now grown to more than a hundred placements a year, having surpassed the tremendous amount of 1,400 placed interns over these years. SIP continues its strong growth, providing members with the opportunity for an effective and practical exchange of knowledge between Dutch students and the company.

Dutch Interns are placed for 5 months at one of our member companies, varying from multinationals to SMEs. During their time here, these students make an impact at the companies, always eager to take on more, learn more, experience more.

Together with our partner Universities / Colleges of Applied Sciences (Hoger Beroeps Onderwijs), MDBC is able to offer a wide range of studies. MDBC is at the heart of a network of organizations with Malaysian Dutch links. These organizations are active in a wide variety of sectors and often employ a diverse, multicultural workforce. ## MDBC Awards Program

MDBC's unique and innovative Awards Program is a platform to showcase the best practices of companies in the area of Innovation and Sustainability, recognizing them for their excellence and trailblazing spirit in this fields.

Initiated in 2011 together with the Embassy of the Kingdom of the Netherlands, the Awards Program began as the MDBC Sustainability Awards (MSA) and was in 2017 expanded into the MDBC Innovation & Sustainability Awards (MISA).

Created to acknowledge, showcase, honor, and reward the outstanding Best Practices of companies in the areas of sustainability and innovation, it is also reflective of the achievements and ongoing developments by both Malaysia and The Netherlands in sustainability, innovation, and the

circular economy. MISA is a unique and innovative platform nurturing an accelerated development and understanding of these two topics.

Open to all (MDBC members and non - members), this event provides participants with a way to benchmark the latest achievements in sustainability and innovation within the local business community.

Highlighting the knowledge and technology transfer between Malaysia and The Netherlands, MISA remains a unique and groundbreaking awards program that continues to help participants develop a deeper and more complete un-

derstanding of innovation and sustainability in business.

Are you an innovation and sustainability trailblazer? Do you want to showcase your abilities? Check out the MDBC Awards Program and see if you are eligible to participate in this year's edition.

### MDBC Chapters

With the expansion of MDBC, we realized that there was a need to establish chapters to facilitate direct contact with members located in the northern and southern regions of peninsular Malaysia.

MDBC established the Penang Chapter in 2010 and the Johor Chapter followed in 2017. While the majority of events are still organized in the Greater Kuala Lumpur area, informative and networking events are organized with each chapter at least once a quarter. Both chapters also have at least one big event / visit each year.

This provides our members with a unique and efficient way to do market research throughout peninsular Malaysia, facilitate cooperation and closer ties with businesses and government agencies in different regions, and allow for even more business opportunities.

For more information, kindly contact [penang@mdbc.com.my](mailto:penang@mdbc.com.my) or [johor@mdbc.com.my](mailto:johor@mdbc.com.my). Additional information and contact details may be found on our website under the ‘About Us’ segment.
